Certification Maintenance Reminders:

- Keep your eAuthentication account login and password in a safe place. Your password will expire periodically, so you must go into your account and update your password prior to expiration. Passwords can be reset online on the eAuthentication log in screen when accessing TSP Registry or for password assistance, contact the eAuth Help Desk at eAuthHelpDesk@usda.gov.
- Access your TSP Profile periodically to ensure your information is current, up-to-date and accurate including expiration dates on any required certifications and licenses. NOTICE: If your contact information should change (email or mailing address), please be sure to update your TSP Profile as soon as possible. Email is the primary means for communication within NRCS while phone and email is how producers will contact you for assistance.
- TSP Profile updates such as adding states to existing services, adding new Practices, Conservation Activity Plans or Areas of Technical Service can all be completed in your TSP Profile in TSP Registry which is accessible from the TSP Website.
- If you are having problems accessing or updating your TSP Profile, contact TSP Registry Technical Support using the methods and contact information below.
- Visit the TSP Website to stay current with information regarding the TSP Program including current CAP plan development criteria, upcoming training opportunities, TSP service payment rates and other Technical Resources for TSPs. TSP Website (URL):
